

The Science of Gardening

New Colorado Master Gardener Manual

The Colorado Master Gardenersm manual has been reformatted into a **full color** textbook, *The Science of Gardening*, by David Whiting, Kendall Hunt Publishing (ISBN 978-0-7575-9659-9). The book focuses on research-based gardening information in 636 pages with over 600 color photographs and line drawings. Units include the following:

- Benefits of Gardening
- How Plants Grow
- Soils, Fertilizers and Soil Amendments
- Diagnostics and Pest Management
- Trees and Shrubs: Identification, Selection, and Planting
- Pruning
- Herbaceous Plants (Flowers)
- Fruit
- Vegetables
- Lawns
- Water Wise Landscape Design
- Irrigation Management
